JEWISH EUROPE TRAVEL

An educational, content-based visit to the historical landmarks of Jewish Europe creates a transformative and inspiring experience for Jewish travellers of any age.

Whether you choose to preface a trip to Israel with a few days in Jewish Europe, or you organize a stand-alone trip, days spent in Europe will add depth and meaning to an overall journey through the Jewish pathways of one's identity.

We tailor make itineraries that complement the educational agendas of our wide range of clients. Through trusted contacts and suppliers all over Europe we are able to develop and deliver outstanding programs with our highly motivated educational staff and guides who are both local and Israel based. Previous trips have included programs in countries such as France, Germany, Prague, Lithuania, Spain, Italy, Croatia, Hungary, the Czech Republic, Austria and Poland.

A visit to Jewish Europe is an engagement with the stories of a thriving, rich and diverse Jewish life whose

traditions and stories were cut short. It is an experience that exhibits the tangible reality of the Holocaust and the mark it left on Jewish identity worldwide. However the story of European Jewry did not end with the Holocaust. Europe today has flourishing contemporary Jewish communities. Encounters with them are an integral part of our itineraries enabling us to connect past, present and future.

Such trips are made possible in part by generous grants from the Conference on Jewish Material Claims Against Germany, Inc. (subject to set rules and conditions). Grant funds also come from the reclaimed assets of German Jews who perished in the Holocaust, and are used to support programs that preserve the memory of the Jewish victims and educate future generations about the Shoah.
