

Excellence Beyond Borders Study Music in Israel!

Immerse yourself in a top-notch music education program while getting to know Israel and its culture!

Rimon School of Music – Tel-Aviv, Israel

Founded in 1985 Rimon is a breeding ground for next generation talented Israeli and international musicians. With over 5,000 alumni spread all across the globe, the school sits at the heart of creative and innovative music-making in today's Israel.

Rimon offers a unique and vibrant environment for personal growth and collaboration. Dynamic and hands-on, Rimon is widely respected for its academic excellence and far-reaching opportunities for artistic expression. Students are trained to become skilled musicians in their areas of expertise and for immersion into the global music market.

How do I register for the program?

Students from abroad can register to Rimon's program directly with the school, or reach us via our partnership with MASA/Israel Experience for a choice of a gap year in Israel or other academic options. The MASA/Rimon International Music Program includes a year of full academic study, housing (for those interested), educational trips and seminars all over Israel, Hebrew learning, health insurance, staff support, and more. Students in the program are integrated into classes and musical ensembles taught in Hebrew alongside Israeli students who share a common passion for making music.

Rimon – your musical home in Israel!

How do I get more information?
